

CHART 8515

Stream No. 4 (2 notices) Head Rocky Bay, Hinchinbrook Entrance.  
Several small streams enter here around the head, none of them  
amounting to much. No measure of any of them. All have good  
bottom around their mouths, but are short.  
One large stream here is back about  $\frac{1}{4}$  mile from the extreme head.  
It is about  $\frac{1}{2}$  mile long and then a lake. And a stream enter-  
ing the lake. The bed is rough. Under same notices.

August 12, 1925.....no fish in streams, but 6,500 around in the bay  
near their mouths.

1926.....no estimate.

September 8, 1927.....11,000 fish.

August 29, 1928.....8,450.

1929 allowance.....6,400.

September 7, 1930.....19,000 humps.
